"INCURABLE" HEART DISEASE SOON CURED.

By the Great Specialist in Treating Weak and Diseased Hearts, Franklin Miles, M. D., LL. B.

Who Will Send \$2.50 Worth of His Complete Special Treatment Free to Any Afflicted Reader.

To demonstrate the unusual curative powers of his new and complete special treatment for heart disease, short breath, pain in the side, oppression in the chest, irregular pulse, palpitation, smothering spells, puffing of the ankles or dropsy, Dr. Miles will send, free, to every afflicted person, two dollars and a half worth of his new treatment.

It is the result of twenty-four years of careful study, extensive research, and remarkable experience in treating the various ailments of the heart, stomach and nerves, which so often complicate each case. So astonishing are the results of his complete special treatment in most cases, that he does not hesitate to freely offer all patients a trial free.

Certainly nothing could be more generous—more philanthropic. Few physicians have such faith in their remedies. And there is no reason why every afflicted person should not avail themselves of this exceedingly liberal offer, as they may never have another such an opportunity. No death comes more sudden than that from heart disease.

Mrs. Frank Smith, of Chicago, was cured of heart dropsy, after five leading physicians had given her up. A thousand references to, and testimonials from Bishops, Clergymen, Bankers, Farmers and their wives will be sent free on request. These include many who have been cured after from five to fifteen physicians and professors had pronounced them incurable.

Send at once to Franklin Miles, M. D., corner State and Adams streets, Chicago, for free treatment before it is too late, and please mention the name of this paper.

FREE PIKES.

Argument in Favor of the Pending Road Proposition.

There will be a vote taken on the free turnpike question in Christian county, Nov. 7. A circular has been sent out giving the following reasons for voting to make the turnpikes free. This is not a political question in any sense and people of all parties should give it their most careful consideration.

Good Roads.

Two propositions will address themselves to the voters of Christian county on election day, of more vital importance than the issues of politics, and more far-reaching in their effects.

These questions are:
(1) Do the people of Christian county want free turnpikes?
(2) Will they invest the Fiscal Court with authority to issue county bonds for the purpose of building and acquiring pikes?

Vote in the affirmative on each of these propositions.

Christian county, one of the largest in the State in area, population and resources, is yet far behind many of her less favored sister counties in the matter of internal improvement. A large part of her most productive territory is remote from railroads and market centers. There are seasons when the product of the farms can not reach the markets on account of the condition of the roads. In other sections the turnpike companies levy tribute which cuts into the profit of farm produce.

Christian county is great and wealthy. Her people are amply able to remedy these conditions. Hundreds of thousands have been spent on country roads and spent to no purpose. The money wasted

would have piked several hundred miles of public road.

Free pikes radiating in every direction from the geographical center of the county will make the markets accessible at all seasons, and will enhance the value of lands at least 20 per cent. to say nothing of the question of convenience.

An increase of only seventy-five cents on the thousand dollars of taxable property, with the amount appropriated annually under the present system, will create a fund sufficient to build and maintain one hundred miles of free turnpike road. This fund will be used impartially and without discrimination by the Fiscal Court, so that every section will share in the benefits. This assessment is the constitutional limit and can never be increased.

Better roads mean better times. No political question is involved in the propositions favoring better roads.

The welfare and material interests of all citizens are concerned. Men of all parties and conditions will be benefitted under the proposed new system, which, with its many other inestimable advantages, relegates the barbarous relic of feudal ages known as the "Warning in System."

Weigh the proposition for free turnpike roads against the perpetuation of the muddy and impassable county roads, and the enormous waste of money in efforts to improve them—then vote accordingly.

OPOSSUMS ARE RIPE.

Capture of the Marsupial Quadrupeds Already Begun.

The recent frosts have had the effect of ripening the possum crop and many of the little animals have already been captured. Some of those caught were so small that they were given their freedom and will be hunted down later in the season. Hunters report them more numerous than for several years past. Last Friday night a party of hunters near West Fork bagged fourteen, some of them fine specimens, and another Sinking Fork party captured nine one night last week.

ELOPERS DROWNED.

Were Trying to Cross the Ohio in a Skiff.

Caseyville, Ky., Oct. 13.—News from above here is to the effect that a runaway couple while crossing the Illinois in a skiff to be married, were lost by the overturning of the skiff in the high waves.

Both elopers were drowned almost instantly. The young man's name was Beades.

Mrs. Piner, mother of Rev. W. K. Piner, and Miss Gertrude Bolivar left this morning for Honey Grove, Texas, to spend some time with relatives.

"I GAVE little thought to my health," writes Mrs. Wm. V. Bell, 230 N. Walnut St., Canton, O., to Mrs. Pinkham, "until I found myself unable to attend to my household duties.

"I had had my days of not feeling well and my monthly suffering, and a good deal of backache, but I thought all women had these things and did not complain.

"I had doctored for some time, but no medicine seemed to help me, and my physician thought it best for me to go to the hospital for local treatment. I had read and heard so much of your

Vegetable Compound that I made up my mind to try it. I was troubled with falling of the womb, had sharp pains in ovaries, leucorrhoea and painful menses. I was so weak and dizzy that I would often have severe fainting spells. I took in all several bottles of Lydia E. Pinkham's Vegetable Compound and Blood Purifier and used the Sanative Wash, and am now in good health. I wish others to know of the wonderful good it has done me, and have many friends taking it now. Will always give your medicine the highest praise."

Mrs. A. TOLLE, 1946 Hilston St., Philadelphia, Pa., writes:

"DEAR MRS. PINKHAM—I was very thin and my friends thought I was in consumption. Had continual headaches, backache and falling of womb, and my eyes were affected. Every one noticed how poorly I looked and I was advised to take Lydia E. Pinkham's Vegetable Compound. One bottle relieved me, and after taking eight bottles am now a healthy woman; have gained in weight 95 pounds to 140 pounds, and everyone asks what makes me so stout."

FRIGHTFUL FALL.

L. & N. Bridge Carpenter Takes a "27 Foot" Tumble.

Isaac E. Felker, an L. & N. bridge carpenter, fell from the company's bridge which spans Little River just north of the city Saturday, and was badly injured. While adjusting a piece of timber Felker slipped from the trestle work and fell to the ground, a distance of twenty-seven feet. His left arm was fractured, left wrist dislocated, and his right shoulder badly bruised. One of his hips was also considerably bruised. Felker was immediately conveyed to his boarding house in this city and Dr. H. H. Wallace was summoned and rendered the necessary surgical aid. The man's condition was considerably improved yesterday, so much so that he was able to come to Dr. Wallace's office and have his wounds dressed. Felker had a very narrow escape from death. His home is in Nashville and he has been in the employ of the L. & N. for some time.

REV. W. R. CHRISTIAN

Meets in Debate Rev. P. A. Hubert at the Tabernacle.

Rev. R. W. Christian, a prominent Baptist minister of national repute hailing from Kentucky and Tennessee, and an orator with not a superior in his race, met in joint debate last night at the Tabernacle on Lower Main street the Rev. P. A. Hubert, of New York. There were between 450 and 500 people in the hall and it was made up of many of the best white men of the city, and a large proportion of the foremost colored men of the city.

The behavior was first-class and owing to the delay of the Republican wing of the debate in getting to the hall, the speaking did not begin till about 8:45 o'clock. By agreement Rev. Christian drew the opening and closing for his side. He soon after being introduced by Dr. S. A. O'Neal, launched forth into his subject and for thirty minutes confined himself to the national features of his subject. His speech was a very strong one and gave his hearers great pleasure. He then took up State issues and handled his subject with great ease and very much to the satisfaction of his hearers. Mr. Christian showed that he was easily at the home and if his effect did not result in great good the reporter for the Gleaner is very much in error.

Rev. P. A. Hubert.

The Republican representative appointed to hold up the Republican end of the strong the Gleaner must say was no match for our great Democratic orator. Rev. Christian it is expected will make several in the country between this and the 7th day of November and the party may look for good results.—Hendersen Gleaner.

In Woman's Life Are Made Dangerous by Pelvic Catarrh.

Mrs. Mathilde Richter, Doniphan, Neb., says:

"I suffered from catarrh for many years, but since I have been taking Peruna I feel strong and well. I would advise all people to try Peruna. As I used Peruna and Man-a-lin while I was passing through the change of life, I am positively convinced your beneficial remedies have relieved me from all my ills."

Peruna has raised more women from beds of sickness and set them to work again than any other remedy. Pelvic catarrh is the bane of womankind. Peruna is the bane of catarrh in all forms and stages.
